Dear Councillor Hussain

Petition – Traffic Lights Cromwell Road / Russell Street

Request to reinstall the traffic lights that were taken away from the junction of Cromwell Road and Russell Street

Thank you for presenting the above petition to Full Council on 19 July 2017.

I am writing to advise you that the petition has been passed to Andy Tatt Head of Peterborough Highway Services for investigation and you will be advised of the position in respect of this matter in due course.

If your petition has received 50 signatories or more from people who live, work or study in Peterborough it can then trigger submission of the petition to the Cabinet or Scrutiny Committee or Commission alongside or in advance of the business your petition is seeking to affect.

As your petition has met this criteria could you please advise if you wish to take up any of the above options and if this is the case we will discuss with you as the lead petitioner the options for enabling this to take place?

In the meantime, should you have any queries please do not hesitate to contact Philippa Turvey on 01733 452460.

Yours sincerely

Philippa Turvey
