Access to Peterborough station during Bourges Boulevard footbridge refurbishment

The footbridge over Bourges Boulevard to Queensgate shopping centre is to be extensively refurbished in a project lasting until late Summer 2017.

The work commences on **Monday 8 May** with improvements to the pavement on Station Road. This means that for two weeks vehicle access to and from the station will be restricted to one lane during off-peak hours (9.30am to 3.30pm).

The main footbridge refurbishment starts on **Friday 19 May**. To allow the work to be carried out safely, the footbridge will be closed from this date for the duration of the project.

Pedestrians will be diverted across Bourges Boulevard via the adjacent pedestrian crossing:

To facilitate the bridge works some road and lane closures will be necessary on Bourges Boulevard. Full road closures will only happen at night and be publicised in advance.
