

Bulb Donation Scheme

Visitors to Peterborough Crematorium have often expressed a desire to contribute towards enhancing the natural beauty of the grounds.

Peterborough City Council welcomes and appreciates this interest and has introduced a Bulb Donation Scheme whereby bereaved families, friends and members of the public may make donations towards the cost of flowering bulbs being planted in various areas of the crematorium grounds.

By planting the bulbs we are endeavouring to further enhance the overall appearance of the crematorium grounds. The crematorium staff will carry out all ordering and planting, and it must be understood that such planting of bulbs cannot be in any special position or location within the grounds.

The actual planting of the bulbs will be carried out in the autumn but donations are welcome at any time of year. Should you wish to take advantage of the Bulb Donation Scheme, please complete the attached form and forward it together with your remittance to Peterborough Crematorium made payable to Peterborough City Council. All donations will be recorded in a memorial donation book, which will be on display in the reception area of the Bereavement Service office.
